PUBLIC PHASE FUNDRAISING

AUTUMN 2019

HELP US REACH THE HEIGHTS!

We are delighted and grateful that many of our parents and friends have already pledged support to the new development over the past couple of years. We are hugely appreciative for the support of the Summer Ball which ensured a marvellous start to the public phase of the campaign with £260,000 being raised including matched funding. We still have a way to go however towards our target of £4 million with just over £3 million pledged or raised.

There are several ways you could support us from making a single gift to a regular donation. Whatever you are able to donate will make a huge difference to the future learning and teaching at the Hall – lots of individual donations combine to make a significant sum*.
